

Mayor Joe's Message

Hello, hope you and your family are well and staying safe. I would like to keep you updated on a few topics. I had a drive around town meeting with Fred Schneider the Assistant County Manager. Our main purpose was to lay out a plan we could implement soon to slow down speeding traffic. The county has had the repaving of the north side of CR 455 from our downtown to the town limits on the Ferndale side in this year's budget and believe it will happen soon. They will then restripe the road to be more narrow and at the top of the hill by our town sign, they are changing the speed limit from 45 mph to 35 mph about a quarter mile before the sign coming from Ferndale. These two steps are called " Traffic Calming " and the county claims they have done this in different locations and have had much success. We have again increased our FHP officers patrolling time which we know slows down traffic at least while they are on duty. Ridgewood is also in this year's County budget to be repaved and will also have "Traffic Calming" steps in place to help with the speeding problem there. We will be watching this topic closely going forward and give you more updates.

Our Town Hall Team along with our Town Planner, and Attorney are all working on our JPA (Joint Planning Agreement) Update to present to the Town Council soon. This is the agreement we have with Lake County on very important topic dealing mostly with growth. You can stay up to date by looking at the Town's Facebook Page or website www.mymontverde.com or just call me and I'll be happy to discuss topics with you. Please attend our Council meetings if possible or join us on Zoom. You can find the Zoom information on the town's website.

Many Thanks

Library News

We are looking forward to seeing everyone at the Egg Hunt on April 16th. Our Children's Easter books are now on display. Enjoy reading them at the library or check them out to take home. Books and Audio books may be borrowed for 3 weeks (unless they are newly released books, which are 14 days). DVD's may be borrowed for a week. Your library is a member of the Lake County library system and can obtain books from any of the 15 other libraries in lake county. Books checked out at any Lake County Library may also be returned here.

Thank You,

Kathleen & Mary

April is Water Conservation month.

Water conservation is the careful use and preservation of water supply and it includes both the quantity and quality of water utilized. Conservation includes all policies, strategies and activities to sustainably manage the natural resource of fresh water, to protect the hydrosphere and meet the current and future human demand.

Please Use Water Wisely!
